SELNET ALERT 50

Dear SELNET member,

Wishing you a fantastic start to 2026! Looking back, 2025 was a year of real growth for us. There are 85 institutions and welcomed nearly 500 members into our community. With 7 working groups, publications, webinars, clinical trial activations, the Celso Mello grant, support for young researchers, conferences, and MDTs, we're constantly creating opportunities that directly benefit our patients.

But we can't do it alone — your involvement is key to making every initiative successful. Let's ask ourselves how we can deepen our collaboration within this network, because every bit of teamwork makes us stronger.

Keep an eye out for January's events, please register, and become an active part of this vital community. Together, let's keep pushing forward in 2026 to ensure our patients get the best diagnosis and treatment possible.

A big warm hug

Sincerely,
SELNET Executive Committee
